TOWN COUNSEL

Peter G. Hastings, ESQ.

Fryeburg, ME

l to r: Administrative Assistant, Dale Frizzell; Town Fire Inspector, Larry Wade; Town Planner, Jane Lafleur

SELECTMEN'S REPORT

Consistent with years of precedent, the Selectmen report to the townspeople each year on their stewardship, which involves an appraisal of the town's problems as well as a general statement of the town's well being. Many of these problems are complex, some rather trivial, others large and requiring special study and, occasionally, the assistance of outside consultants. They all are essentially the result of the town's economic and residential growth. Perhaps they represent the fruits of "success" whose definition varies widely among our townspeople.

There are two major problems facing us: the efficient disposal of solid waste, and the need for an improved and enlarged road system for handling automobile traffic.

Solid Waste

Disposal of solid waste in 1988 cost the town approximately \$800,000. It is estimated that with a continuation of present waste disposal methods the annual cost would rise to about \$2,500,000 in fifteen years, an estimate that could very well turn out to be conservative. For more than two years the Selectmen have worked with the State and with Craig Musselman, a private consulting engineer, to locate within the town a landfill site for solid waste. We have found such a property which appears to meet the strict environmental standards. It is a tract of 178 acres north of East Conway Road within the vicinity of the town's transfer station. Depending on the hoped for efficiency of the Selectmen's proposed mandatory recycling program, this site could handle our disposal needs for thirty or more years. Of course, there are obvious questions: why so much land, what environmental standards are required, what is the cost, etc. All this is described by Town Engineer, Scott Johnstone, in a report found elsewhere in this booklet.

State law requires that by October, 1989, all towns must develop long range solid waste plans. Only five such plans exist at this time within the entire State. In December Conway, Albany and Eaton formed the Lower Mt. Washington Valley Solid Waste District, which will operate as a unit, proportionately sharing expenses. The three towns will be requested by their Selectmen to introduce identical warrant articles for solid waste recycling and disposal. Even though separation of waste may become mandatory, it will be essential that the people understand the importance and cooperate in its enforcement.

Town Roads and By-Pass

Outstanding recreational facilities and pleasant style of life have been Conway's hallmark for many years. These have drawn many new residents and more recently a growing number of factory outlet stores and their customers. While the economic results of this growth seem attractive, the resultant traffic burden on our old road system is extreme. At times we approach or actually achieve traffic grid-lock. About fifteen years ago the traffic problem was under discussion. This year the N.H. Department of Transportation recommended the construction of a State financed by-pass (E-2), which proved so unpopular to the townspeople that the State's recommendation was withdrawn. There is little doubt of the need for a by-pass. At this time it appears that further State action will require a strong request by the townspeople. Meanwhile the Planning Board has appointed a special Roads and Traffic Committee which is studying ways and means for improving traffic flow within the town. Although this approach holds promise of improving our traffic problems, it will not remove the necessity for a by-pass.

Other Important Items

The successful conclusion of a three year series of monthly meetings by the Townwide Fire Department Committee lacks only Town Meeting approval to combine the five separate volunteer departments into one. The resultant Department will have common training and standards, thus significantly enhancing fire and rescue capabilities, while at the same time being fairly supported by all taxpayers rather than by those taxpayers in the precincts and districts.

A necessary requirement for the operation of a Townwide Fire Department is a central dispatch/communications facility. This service went on line in 1988 and is best known as an adjunct of 9-1-1 emergency telephone service.

Another safety step forward is the engagement of Larry Wade as full time Fire Inspector, whose duties provide inspection of public assembly facilities to assure compliance with fire and emergency access regulations. He has found many violations and has been successful in obtaining corrections in all instances.

We now have a Town Planner, Jane Lafleur, who has added a new dimension to the capability of the Planning Board and to the recently formed Town Roads and Traffic Committee. Our only regret about Jane is that she wasn't planning for the town many years ago.

Dale Frizzell joined our staff this summer in the capacity of Administrative Assistant to the Town Manager, primarily responsible for handling welfare problems and also code enforcement of town ordinances.

The construction of a Municipal Center is under way at the intersection of Route 302 and the East Conway Road. By the fall of 1989 we will have a new police headquarters and a new court building. The Selectmen look forward to a new Town Hall at this site, possibly in 1990.

Few people realize and fully appreciate the countless and tiring hours concerned citizens devote to the Planning Board. Without their work Conway would not be as well developed as it is. And like commendation is due to those who serve on other vital committees such as Budget, Recreation, Parks, Cemeteries, Trustees of the Trust Funds, Library, Zoning Board of Adjustment, Conservation Commission, Supervisors of the Checklist, Fire Warden and Health Officer. These people are essential to the operation of the town.

We came close to losing Curtis Lunt to Kittery, Maine. Fortunately, we persuaded him to remain as our Town Manager. For more than six years he has, with great ability, worked with the Selectmen in resolving the many problems our explosively growing town has experienced. Curt and the Selectmen - and the town - are blessed with a competent and compatible office staff which is always anxious to serve the needs of our townspeople.

In spite of the many problems facing the Town, we are confident of our combined ability to resolve them in a fair and equitable manner. So, in this sense, we report that the Town is in excellent health.

Respectfully,

Robert Bumstead, Chairman
Board of Selectmen

CONWAY TOWN WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF CONWAY, County of Carroll, in the State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Karl Seidenstuecker Auditorium at Kennett High School, Conway, New Hampshire, on Tuesday, the fourteenth day of March, 1989, at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Articles 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 15 will be by official ballot, and the polls shall open for balloting at nine o'clock in the forenoon or as soon thereafter as the Moderator calls the meeting to order and declares a quorum present. The remaining articles of the Warrant shall be acted upon at seven o'clock in the evening or at the closing of the polls if the meeting shall vote to keep the polls open to a later hour.

ARTICLE 1. To choose all necessary officers.

ARTICLE 2. To see whether or not the Town will vote to adopt Amendment No. 1 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Conway Code 147-7 and 147-15 by changing the enforcement for violations and penalties and the merger of adjoining nonconforming lots.

ARTICLE 3. To see whether or not the Town will vote to adopt Amendment No. 2 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending Conway Code 147-6 adding ten new definitions and redefining the definitions of sign and structure.

ARTICLE 4. To see whether or not the Town will vote to adopt Amendment No. 3 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending provisions of Conway Code 147-11 A and 147-12 A, allowing certain day care facilities in the Residential/Agricultural District and Business District and change the Residential/Agricultural District uses to permit the boarding of domestic farm animals.

ARTICLE 5. To see whether or not the Town will vote to adopt Amendment No. 4 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending Conway Code 147-11 B renumbering without change present allowable special

exceptions in the Residential/Agricultural District and adding provisions to permit certain day care centers within said District as a special exception.

ARTICLE 6. To see whether or not the Town will vote to adopt Amendment No. 5 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending Conway Code 147-11 B adding provisions to permit commercial golf course facilities within the Residential/Agricultural District as a special exception.

ARTICLE 7. To see whether or not the Town will vote to adopt Amendment No. 6 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending Conway Code 147-11.1 and 147-20.1, which are new provisions to create a Shoreline Protection District controlling use of land surrounding all great ponds in the Town of Conway except Pequawket Pond.

ARTICLE 8. To see whether or not the Town will vote to adopt Amendment No. 7 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending Conway Code 147-14 E adding criteria for construction in Floodplain Conservation District.

ARTICLE 9. To see whether or not the Town will vote to adopt Amendment No. 8 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending Conway Code 147-17 redefining setback requirements.

ARTICLE 10. To see whether or not the Town will vote to adopt Amendment No. 9 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending provisions of Conway Code 147-19 to increase sign permit fees, redefine number and size of flags to be displayed, and to redefine sign set back and method of sign measurements.

ARTICLE 11. to see whether or not the Town will vote to adopt Amendment No. 10 as proposed and recommended by the Planning Board for the Town Zoning Ordinance by amending provisions of Conway Code 147-17 and 147-18 to allow a special exception for height of certain structures and clarifying mobile home provisions.

ARTICLE 12. To see whether or not the Town will vote to adopt Amendment No. 11 as proposed and recommended by the Planning Board for the Town Zoning ordinance by amending Conway Code Chapter 90 changing the reference to the Life Safety Code to the

1981 edition, and establishing violations and fines thereunder on keeping LPG tanks within buildings and locking exit doors in buildings open to the public, and requiring construction of new, reconstructed or expanded gasoline stations to install automatic fire extinguishing systems.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of Eight Hundred and Five Thousand Dollars (\$805,000.) for the purposes of purchasing land of The Kennett Company off the East Conway Road in Redstone to be held and used by the Solid Waste District for purposes of constructing a SOLID WASTE FACILITY thereon and to authorize the Selectmen to borrow up to said sum under the Municipal Finance Act with the Selectmen to arrange all terms and conditions of such borrowing and its repayment, to be acted on by ballot of the Town. Recommended by the Budget Committee (10-1-0).

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of One Hundred Forty Thousand Dollars (\$140,000) for the purposes of IMPROVING WOODLAND GROVE SECTION II ROAD known as Limac Circle Road under the petition for conditional road layout (and with repayment to be by special assessment of those served by said road in this development) and to authorize the Selectmen to borrow up to said sum under the Municipal Finance Act with the Selectmen to arrange all terms and conditions of such borrowing and its repayment, to be acted on by ballot of the Town. Recommended by the Budget Committee (9-0-0).

ARTICLE 15. To see whether or not the Town shall adopt the new Charter recommended by the Charter Commission, to be voted on by official ballot of the Town.

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of Sixty Five Thousand Dollars (\$65,000) to replace a 4,000 gallon diesel FUEL TANK, remove a 4,000 gallon gasoline tank and a 4,000 gallon waste oil tank at the Public Works Highway Garage; replace a 4,000 gallon fuel tank at the Town Hall, remove an 8,000 gallon gasoline tank at the Police Station and test against leaks in a 1,000 gallon fuel tank at the Public Library; all as required by NHRSA 146-C. Recommended by the Budget Committee (15-0-0).

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of One Hundred Twenty Thousand Dollars (\$120,000) for the reconstruction of approximately 5,000 feet of BROWNFIELD ROAD from Clark Brook to the Maine State line. Recommended by the Budget Committee (15-0-0).

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of Thirty Eight Thousand Dollars (\$38,000) as the town's 50% share with Mt. Cranmore, Inc. for replacement of the SKI-MOBILE ROAD BRIDGE. Recommended by the Budget Committee (15-0-0).

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of Fifty Five Thousand Dollars (\$55,000) to replace the ARTIST FALLS ROAD BRIDGE DECK and reconstruct the OLD BARTLETT ROAD BRIDGE ABUTMENTS. Recommended by the Budget Committee (15-0-0).

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000) to apply LIQUID ASPHALT SEAL TO CRANMORE SHORES ROAD. Recommended by the Budget Committee (15-0-0).

ARTICLE 21. To see what sums of money the Town will vote to raise and appropriate for the following purposes:

GENERAL GOVERNMENT

- Town Officers' Salaries
- Town Officers' Expenses
- Election and Registration Expenses
- Cemeteries
- General Government Buildings
- Assessing
- Planning and Zoning
- Legal Expenses
- Office Expenses
- Board of Adjustment

PUBLIC SAFETY

- Police Department
- Fire Departments
- Civil Defense

See State Form MS-7, Budget of the Town of Conway, N.H., attached hereto and incorporated under this article.

ARTICLE 22. To see if the Town will vote to establish a Capital Reserve Account called WEST SIDE ROAD CAPITAL RESERVE FUND for the purpose of receiving development assessment funds, authorize the Board of Selectmen to withdraw funds for the purposes of capital improvements and raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000) to be placed in the fund. Not Recommended by the Budget Committee (6-3-0).

ARTICLE 23. To see if the Town will vote to establish a Capital Reserve Account called the TRAFFIC AND ROAD IMPROVEMENT FUND for the purpose of (1) developing an Action Plan, to include a comprehensive traffic study utilizing existing data, supplemented by additional data as required, and including recommendations to alleviate the existing local traffic problems, with a goal of completing the Action Plan by August 1, 1989; and (2) correcting local traffic flow problems in accordance with the recommendations of the Action Plan with the limitation that no monies shall be spent for the purpose of buying land for platting new Town roads without prior Town Meeting approval; and (3) to authorize the Board of Selectmen to withdraw funds for these purposes; and to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to be placed in said fund. Recommended by the Budget Committee (9-0-0).

ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000) to be placed in the LONG TERM SOLID WASTE DISPOSAL CAPITAL RESERVE FUND. Recommended by the Budget Committee (14-1-0).

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be placed in the MT. WASHINGTON VALLEY INCINERATOR EQUIPMENT CAPITAL RESERVE FUND. Recommended by the Budget Committee (15-0-0).

ARTICLE 26. To see if the Town will vote to authorize the Board of Selectmen to amend Conway Code 113, LANDFILL REGULATIONS, to require mandatory separation for recycling of cardboard, newsprint, glass bottles and aluminum cans, and raise and appropriate the sum of Two Hundred Forty Thousand Dollars (\$240,000) to initiate a SOLID WASTE RECYCLING PROGRAM, including site work, a metal storage building, lease/purchase of a compactor trailer, loading dock, a trailer for glass bottle separation, a plastic granulator for voluntary plastic separation, advertising and educational materials, and three (3) additional employees. Recommended by the Budget Committee (12-3-0).

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of Sixty Thousand Dollars (\$60,000) to purchase and install a TRUCK WEIGHING SCALE at the Transfer Station, with the cost thereof to come from tipping fees paid to the Town. Recommended by the Budget Committee. (9-0-0).

ARTICLE 28. To see if the Town will vote to AMEND CONWAY CODE 113, D, (1), USER FEES, effective April 1, 1989: as follows:

- a. Light trucks and trailers of three-quarters ($3/4$) ton, but less than two manufacturer's rated capacity: Twenty dollars (\$20.) per load.
- b. Sixteen yard capacity packers: One Hundred Sixty Dollars (\$160.) per load.
- c. Twenty yard capacity packers: Two Hundred Dollars (\$200.) per load.
- d. All other trucks and/or tractor-trailer trucks or haulers: Fifty Dollars (\$50.) per load.
- e. In the event a weigh scale is installed, fees shall be Twenty Five Dollars (\$25.) per ton or fraction thereof, with a minimum charge of Ten dollars (\$10.)
- f. All materials accepted for recycling shall be exempt from this fee schedule.

ARTICLE 29. To see whether or not the Town will vote to adopt the following:

(a) to accept conveyance of the real estate now used as a fire station by the Districts and Precincts operating in the Town, without consideration but on condition that if the Town no longer uses said real estate as a fire station, the same shall revert back to the entity which conveyed the same to the Town, or its successors, with the Town to confirm such reversion by deed or other statement for record purposes; and

(b) To see if the Town will accept the fire fighting equipment and rescue equipment, including but not limited to all vehicles, fire equipment fixtures, individual fire fighter equipment, hoses, ladders and all other fire fighting and/or rescue equipment subject to the outstanding indebtednesses owing by the Conway Village Fire District as of January 1, 1990, of a sum up to \$149,016.00, and by the Redstone Fire Association as of January 1, 1990, of a sum up to \$6,000.00, which shall be assumed by the Town, with the Town to pay to the North Conway Water Precinct a sum without interest equal to the indebtednesses assumed by the Town for the Conway Village Fire District and Redstone Fire Association at a rate not to exceed \$25,000 per year with the final terms and conditions hereunder to be as finally agreed by the Selectmen acting in behalf of the Town, provided that the Selectmen shall be entitled to arrange the payment of any monies hereunder severally with each of the Districts and Precincts by agreements which shall oblige the Town to make payments hereunder at successive annual dates; and

(c) This article shall be deemed to include conveyances and transfers from the North Conway Water Precinct, Conway Village Fire District, Center Conway Fire Precinct, Redstone Fire Association, East Conway Fire Precinct including East Conway Volunteer Fire Department, the latter being a New Hampshire nonprofit association organized to serve the fire needs of the East Conway Fire Precinct; and

(d) A reciprocal vote granting the authority to make conveyances and transfer of said assets shall be affirmatively voted by the North Conway Water Precinct and the Conway Village Fire District at their annual meeting in 1989, respectively; and

(e) All fire and rescue employment contracts or obligations entered into by the Precincts or Districts prior to December 31, 1989, shall be continued by the Town in full force and effect; and

(f) All elected or appointed fire or rescue officers of the various Precincts and Districts except fire chiefs, shall continue in their respective offices until the expiration of their term of office; and

(g) All fire chiefs of the various Precincts and Districts shall continue in office until January 1, 1990.

Recommended by the Budget Committee (9-0-0).

ARTICLE 30. To see whether or not the Town will vote to adopt the following:

To establish a Fire/Rescue Commission for the Town to operate all townwide fire and rescue services which shall be organized in a manner and operated with authority as set forth under the proposed chapter therefore attached in Appendix A to this Warrant and incorporated herein as though set forth at length hereunder (see Appendix A).

ARTICLE 31. To see whether or not the town will vote to raise for the purposes of purchase, organization and operation of a TOWN-WIDE FIRE/RESCUE COMMISSION to be used in 1989 the sum of Twenty Thousand Dollars (\$20,000). Recommended by the Budget Committee (9-0-0).

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000) to conduct an engineering study of public and private COMMUNITY WATER SYSTEMS, including inventory, identification of common weaknesses and water quality problems, regulatory approaches to improvements, integration of small systems, possible integration or expansion of precinct systems, costs and funding analysis and projections of potential growth impacts on water systems; said study being recommended by the New Hampshire Dept. of Environmental Services. Recommended by the Budget Committee (9-0-0).

ARTICLE 33. To see if the Town will vote to authorize the Board of Selectmen to sell the land and buildings comprising the CONWAY POLICE STATION on Route 16 (Tax Map 11, Parcel 59-5), terms and conditions acceptable to them, with the proceeds to be used to reduce the bonded indebtedness of the new Police Station.

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of Five Thousand Five Hundred Dollars (\$5,500) for a HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM. Recommended by the Budget Committee (15-0-0).

ARTICLE 35. To see if the Town will vote to amend the present

AUTHORITY OF THE PLANNING BOARD to review and approve or disapprove **SITE PLANS** for the development of non-residential uses and multi-family dwelling units consisting of more than two dwelling units so as to include the authority to review and approve or disapprove site plans for the development or change or expansion of use of tracts for non-residential uses or for multi-family dwelling units which are defined as structures containing more than two dwelling units all pursuant to RSA 674:43; and it shall be the duty of the Town Clerk to file with the Carroll County Registry of Deeds a Certificate of Notice of this amendment showing that the Planning Board has been so authorized and giving the date of such authorization.

ARTICLE 36. To see whether or not the Town will authorize the Planning Board to prepare a proposed **OFFICIAL MAP** for the Town with the Planning Board to certify the proposed official map back to the Town Meeting when completed for further action by the Town pursuant to RSA 674:9 & 10.

ARTICLE 37. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) for the **RECREATION SWIMMING AREA ACQUISITION AND DEVELOPMENT CAPITAL RESERVE FUND**. Recommended by the Budget Committee (15-0-0).

ARTICLE 38. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to the Conservation Fund as authorized by RSA 36-A:5, to be added to the Fund for the **ACQUISITION OF CONSERVATION LAND**. Recommended by the Budget Committee (15-0-0).

ARTICLE 39. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) for improvements to the **SCHOULER PARK SOFTBALL DIAMOND INFIELD**. Recommended by the Budget Committee (15-0-0).

ARTICLE 40. To see whether or not the Town will vote to raise and appropriate the sum of Seventy Three Thousand Two Hundred Fourteen Dollars (\$73,214), said sum to be turned over to the **NORTH CONWAY COMMUNITY CENTER** Board of Directors to be used for the programs of the North Conway Community Center. Agreeable to a petition signed by Susan L. Smith and others. Recommended by the Budget committee (15-0-0).

ARTICLE 41. To see if the town will vote to raise and appropriate the sum of Eighteen Thousand Two Hundred Fifty Dollars (\$18,250) for the support of the **CHILDREN AND YOUTH PROJECT OF MT.**

WASHINGTON VALLEY. Agreeable to a petition signed by Evelyn B. Dole and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 42. To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Six Hundred Fifty Dollars (\$12,650) for the support of the GIBSON CENTER FOR SENIOR SERVICES. Agreeable to a petition signed by Paul E. Weld and others. Recommended by the Budget Committee (13-0-0).

ARTICLE 43. To see if the Town will vote to raise and appropriate the sum of Four Thousand Six Hundred Dollars (\$4,600) for support of the NUTRITION AND TRANSPORTATION PROGRAMS FOR THE GIBSON CENTER FOR SENIOR SERVICES. Agreeable to a petition signed by Paul E. Weld and others. Recommended by the Budget Committee (13-0-0).

ARTICLE 44. To see if the Town will vote to raise and appropriate the sum of Thirteen Thousand Dollars (\$13,000) for the CENTER OF HOPE, INC. Agreeable to a petition signed by Donna C. Sawyer and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 45. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) for operating expenses of the EASTERN SLOPE REGIONAL AIRPORT. Agreeable to a petition signed by Robert Johnson and others. Recommended by the Budget Committee (13-1-0).

ARTICLE 46. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) for Capital Improvements Projects for the EASTERN SLOPE REGIONAL AIRPORT. Agreeable to a petition signed by John D. Edgerton and others. Recommended by the Budget Committee (13-1-0).

ARTICLE 47. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Thirty Five Dollars (\$15,035) for the VISITING NURSE SERVICES OF NORTHERN CARROLL COUNTY, INC., said sum being equal to \$1.80 per person in the Town of Conway (8,353 - based on 1987 Census from the Office of State Planning). Agreeable to a petition signed by Rebecca M. DeWitt and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 48. To see if the town will vote to raise and appropriate the sum of Two Thousand Four Hundred Fifteen Dollars (\$2,415) for the support of the COMMUNITY ACTION OUTREACH PROGRAM. Agreeable to a petition signed by Carolyn Brown and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 49. To see if the Town will vote to raise and appropriate the sum of Six Thousand Three Hundred Dollars (\$6,300) to assist the FAMILY HEALTH CENTER. Agreeable to a petition signed by Benita S. Silver and others. Recommended by the Budget Committee (8-1-0).

ARTICLE 50. To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000) to help defray the expenses of the services and programs as carried out by the MT. WASHINGTON VALLEY CHAPTER OF THE AMERICAN RED CROSS. Agreeable to a petition signed by Dennis J. Duprey and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 51. To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500) for the purpose of running and maintaining the Conway Information Booth; to be carried out and accounted for by the CONWAY VILLAGE CHAMBER OF COMMERCE. Agreeable to a petition signed by Debbie Sweeney and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 52. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) for the MT. WASHINGTON VALLEY CHAMBER OF COMMERCE; said funds to be dedicated to the Chamber's Visitor Information Services. Agreeable to a petition signed by Maureen Cason and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 53. To see if the Town will vote to raise and appropriate the sum of Nine Thousand Five Hundred Fifty Five Dollars (\$9,555) to assist the CARROLL COUNTY MENTAL HEALTH SERVICE. Agreeable to a petition signed by Joan E. See and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 54. To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500) in support of CARROLL COUNTY AGAINST DOMESTIC VIOLENCE & RAPE. Agreeable to a petition signed by Maureen A. Cason and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 55. To see if the Town will vote to raise and appropriate the sum of Four Thousand Five Hundred Ninety Four Dollars (\$4,594) for CHILDREN UNLIMITED, INC., said sum being equal to \$.55 per person in the Town of Conway. Agreeable to a petition signed by Bethany Pickering Yovino and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 56. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) to be used toward general maintenance and repair of the EASTMAN LORD HOUSE MUSEUM. Agreeable to a petition signed by Nathan B. Nichols and others. Recommended by the Budget Committee (9-0-0).

ARTICLE 57. To see if the Town will vote to request the Board of Selectmen to include in the 1990 Municipal Budget, listed separately, all SOCIAL SERVICE AGENCY FUNDING REQUESTS which have been previously approved by a Town Meeting in a separate article.

ARTICLE 58. To see if the Town will vote to support the SACO RIVER ADVISORY COUNCIL for the purpose of making recommendations to the Town and to the New Hampshire River Management Advisory Committee, as provided in Senate Bill 326, of 1988, for the protection and management of the Saco and Swift Rivers and to authorize the Board of Selectmen to appoint representatives to the Saco River Advisory Council. Agreeable to a petition signed by Chester B. Lucy and others.

ARTICLE 59. To see whether or not the Town will vote to accept APPLECROFT LANE ROAD and the deed therefore from C. Properties, Inc., being approximately 1200 feet running westerly from Route 113 in Conway, with a cul-de-sac at the end thereof, as a Town road. Agreeable to a petition signed by Margaret Soroka and others.

ARTICLE 60. To see if the Town will vote to adopt optional ADJUSTED ELDERLY EXEMPTIONS from property tax. The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: for a person 65 years of age up to 75 years, \$25,000.00; for a person 75 years of age up to 80 years, \$40,000.00; for a person 80 years of age or older, \$50,000.00. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or, if married, a combined net income of less than \$12,000; and own net assets of \$45,000.00 excluding the value of the person's residence.

ARTICLE 61. To see if the Town will vote to authorize the Selectmen to hire upon the credit of the Town such sums of money as may be needed, such sums not to exceed the combined school, town and county tax budgets, in anticipation of town, county and school purposes.

ARTICLE 62. To see if the Town will vote to authorize the Selectmen, in behalf of the Town of Conway, N.H. to accept gifts and/or Federal or State aid in the name of the Town of Conway, N.H. applied for, and to receive and expend them in accordance with the purposes thereof.

ARTICLE 63. To see if the Town will vote to authorize the Selectmen to withdraw Capital Reserve Funds established by the Town from time to time and disburse the same in accordance with the purposes for which such funds were created respectively.

ARTICLE 64. To see if the Town will vote to authorize the Selectmen to sell, at their discretion, at public auction, any real estate in the Town to which the Town has title by Collector's Deed; except when it is being sold back to the former owner, or to a party who has succeeded to the title of the former owner, in which case private sale may be utilized; any such real estate to be sold and conveyed on or before the next annual Town Meeting.

ARTICLE 65. To act upon any other business that may legally come before said meeting.

Given under our hands and seal at Center Conway, New Hampshire, this 17th day of February, 1989.

ROBERT BUMSTEAD, Chairman
PAUL W. HUTCHINS, JR.
HARVEY C. BLAKE

A true copy Attest:

JOHN D. STEVENS, Justice of the Peace

We hereby certify that we posted a like copy of the within Warrant on February 21, 1989, at the post offices at Conway, North Conway and Center Conway, at the Town Hall at Center Conway, and at Karl Seidenstuecker Auditorium at Kennett High School, the place of meeting, all public places within the said Town of Conway.

ROBERT BUMSTEAD, Chairman
PAUL W. HUTCHINS, JR.
HARVEY C. BLAKE

Personally appeared Robert Bumstead, Paul W. Hutchins, Jr. and Harvey C. Blake, Selectmen of the Town of Conway, New Hampshire, and made oath that the foregoing certificate by them is true, before me,

JOHN D. STEVENS
Justice of the Peace

APPENDIX A

CONWAY FIRE/RESCUE COMMISSION

PROPOSED CONWAY CODE CHAPTER 41

1. **ESTABLISHMENT:** There shall be a Fire/Rescue Commission for the Town of Conway consisting of five (5) persons elected as hereinafter provided. Said Commissioners shall all have been residents of said Town for at least five (5) years immediately preceding the date of their election and shall not hold nor be candidates for any other political office of the Town of Conway or the commissions operating thereunder during the term on said Commission; provided that one (1) Commissioner shall further be a resident living within that portion of the North Conway Water Precinct boundaries located within the Town of Conway, one Commissioner shall be a resident living within that portion of the Conway Village Fire District boundaries located within the Town of Conway, and one (1) Commissioner shall be a resident living within the Center Conway Fire District boundaries located within the Town of Conway, and two (2) Commissioners shall be residents living within the Town of Conway at large. At the initial election of Fire/Rescue Commissioners hereunder, the five (5) offices of Commissioner shall have the length of each term selected by lot for terms as hereinafter specified. Thereafter there shall be elected two (2) Commissioners at the next successive annual town meeting, and two (2) Commissioners at the second successive annual town meeting and one (1) Commissioner at the third successive annual town meeting, and elections to continue in the same manner thereafter, all for a term of three (3) years each provided that the residency requirements for each Commissioner to be elected shall conform to the provisions hereof. Any Commissioner changing his/her residency during a term so as to no longer conform to the residency requirements for the Commission office elected, shall be forthwith disqualified from office so long as such disqualification is confirmed by Letter of Finding delivered to the Fire/Rescue Commission after hearing made by the Conway Board of Selectmen. Said Letter of Finding shall declare the disqualification of a Commissioner due to change of residency of the Commissioner from when initially elected so as to disqualify his/her continuance of said office, and declare a

vacancy to exist. Any vacancy in the Commission shall be filled by appointment by the remaining members of the Commission. Such appointee shall hold office until the next annual meeting of the Town when a successor Commissioner shall be elected to complete the unexpired term of said vacant office of the Commission. Except for the initial election of Commissioners hereunder which may be at a special meeting of the Town called for such purposes, all elections of Commissioners shall be conducted by the Town in conjunction with its elections at its Annual Town Meeting.

2. POWERS AND DUTIES:

- A. The Fire/Rescue Commission shall have full authority to make and enforce all rules and regulations for the governance of the fire and rescue department of and in the town of Conway. The Fire/Rescue Commission shall in addition to the powers incorporated hereunder, have all powers granted to firewards pursuant to RSA ch 154.
- B. The Fire/Rescue Commission shall select and appoint a Fire Chief for the Town of Conway for an indefinite period of time and his/her term of office shall depend upon his/her good conduct and efficiency. The Fire Chief may be removed by the Fire/Rescue Commission for just cause after hearing with reasonable notice in writing of the charges against him/her.
- C. The Fire/Rescue Commission may appoint such other fire and rescue personnel after recommendation by the Fire Chief for the Town of Conway, as the Commission may in its judgment deem necessary, and determine their compensation. The Fire/Rescue Commission shall have full authority to remove such fire or rescue personnel at any time after due hearing, provided that reasons for such dismissal shall be incorporated in any order of removal.
- D. Said Fire/Rescue Commission shall annually prepare and submit to the Town of Conway Budget Committee budget items to cover the cost of operation, maintenance and capital improvements for the fire and rescue department for each ensuing year commencing with 1990 and thereafter in accordance with the Municipal Finance Act provided that such budget shall be incorporated within the Town wide budget for the Town of Conway. Expenditures by said Commissioners shall be reviewed and payment authorized by

the Board of Selectmen of Conway and which shall be approved so long as within the authority of this enactment and the budgetary limits of said Fire/Rescue Commission as approved by the Town of Conway at its annual meeting.

- E. On the enactment of this Chapter pursuant to the requirements hereunder, this Commission shall be deemed to hold and exercise the powers and responsibilities hereunder set forth as vested under the authority of the legislative body of this Town which shall continue until amended or revoked by subsequent vote of the legislative body of the Town of Conway.
- 3. **COMPENSATION:** The initial salary of each Fire/Rescue Commissioner shall be \$500.00 per year provided the Chairperson shall receive a salary of \$600.00 per year, and the Town of Conway may annually review and change the salary of each of the Fire/Rescue Commissioners. The Commissioners shall elect annually from among their number a chairperson to serve for a term of one (1) year.
- 4. **APPLICABILITY:** From and after the election and qualification of the Fire/Rescue Commissioners hereunder, no Fire Chief or other fire or rescue personnel shall be appointed or elected in the Town of Conway except under the provisions of this Chapter; provided nevertheless that this provision shall not be deemed to affect or limit the continued operation and maintenance of the present fire and rescue departments and personnel therefore as operated and maintained by the various Precincts and Districts within the Town of Conway until January 1, 1990. So long as consistent with existing policy as adopted by the Fire/Rescue Commission from time to time, the fire companies within the Town may adopt procedure and recommend the appointment of Captains and Lieutenants for their company to the Fire Chief so as to continue to maintain and support the esprit d'corp of the companies. As of January 1, 1990, the term of office of all Fire Chiefs of the various Precincts and Districts within the Town of Conway shall expire.
- 5. **REFERENDUM AND ENACTMENT DATE:** This Chapter shall not take effect unless it is adopted by a majority of the legal voters of the Town of Conway at its Annual Town Meeting in March 1989 and ratified and confirmed by the voters of the North Conway Water Precinct and Conway Village Fire District at their

respective annual meetings in 1989. At the deliberative portion of said annual town meeting, a motion shall be considered to act on the following question:

“Shall the provisions of this Chapter 41 of Conway Code entitled ‘An Act Establishing a Fire/Rescue Commission for the Town of Conway’ as recommended by the Town Wide Fire Committee be adopted?”

If a majority of those present and voting on the question shall vote in the affirmative on this question at the Town of Conway Annual Town Meeting, this Chapter shall be declared to have been adopted provided the North Conway Water Precinct and Conway Village Fire District shall at their annual meeting for 1989 ratify and confirm the establishment of a town wide Fire/Rescue Commission by the Town of Conway. If this Chapter is adopted at such Town of Conway Annual Town Meeting and ratified and confirmed by the North Conway Water Precinct Annual Meeting and the Conway Village Fire District Annual Meeting, another special meeting may be called by the town of Conway for the initial election of the Fire/Rescue Commissioners. In such case, two (2) Fire/Rescue Commissioners shall be elected for a term to expire at the Annual Meeting of the Town of Conway in March, 1990, two (2) Fire/Rescue Commissioners shall be elected for a term to expire at the Annual Meeting of the Town of Conway in March, 1991, and one (1) Fire/Rescue Commissioner shall be elected for a term to expire at the Annual Town Meeting of the Town of Conway in March, 1992.

6. AMENDMENTS: This Chapter may be amended hereafter by majority vote of those present and acting at any Annual Town Meeting held for the Town of Conway under Article properly posted in the Warrant thereof.

WHEN EFFECTIVE: This Chapter shall take effect upon its passage by the Town of Conway and when/if ratified by affirmative majority vote of the North Conway Water Precinct and the Conway Village Fire District, and the remaining provisions shall take effect as hereinabove provided.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Conway
Conway, New Hampshire

We have examined the general purpose financial statements of the Town of Conway as of and for the year ended December 31, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Conway at December 31, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Conway. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

February 29, 1988

CARRI PLODZIK SANDERSON
Professional Association

TOWN MANAGER'S REPORT

1988 was a busy and eventful year, with 1989 shaping up as even more so. While the various bypass hearings and rejected D.O.T. recommendation appeared to have no net result, that does not have to be true. We must seek to learn from our experiences, however painful, and pull together to seek acceptable solutions as the traffic problem will not mend itself.

In addition to hiring several new employees this past year, the Town promoted three able employees: Robert Elliott as Transfer Station Foreman; Michael Courville as Mechanic Foreman; and D. Scott Johnstone as Director of the Public Works Dept. This is a new position for the Town Engineer and an attempt to better coordinate people and operations. I am proud of the team spirit displayed by Town employees, and I believe taxpayers get their money's worth.

As it has become more apparent that new developments demand public services, which in turn drives up taxes, the search for non tax

Abenaki Indian Encampment, Intervale, NH

solutions continues. The Selectmen and the Planning Board worked together to institute road impact fees on several West Side Road developments, and a cost sharing approach with Mt. Cranmore, Inc. for replacement of Skimobile Road Bridge. General impact fees for operations, including schools are not allowed by State law. If pending State legislation passes, this will become a popular way to take the sting out of new growth. New construction alone has added \$80 million in value from 1982-1988, allowing for much new spending before tax increases. However, expenditures have outstripped revenues and we must either find new or expanded revenues, or scrutinize expenditures more carefully, lest taxes rise faster than ability to pay. There are no quick and easy, or cheap or painless ways to solve real problems or limit taxes; however, we do not have to resort to automatic tax caps any more than we have to say yes to every worthy proposal.

Thank you for your assistance and support.

Respectfully submitted,

CURTIS H. LUNT
Town Manager

ASSESSOR'S REPORT

As most taxpayers are aware by now, we are conducting a townwide revaluation or, more accurately, an update of our assessments from 1978 to better reflect market value in 1989.

The problem that arises as we get further from the base year (1978) is equalization. The amount of time between revaluations leads directly to greater inequities due to supply and demand, as well as people's likes and dislikes as to location, amenities, etc. These differences can only be rectified by adjusting all real estate to get back to a 100% market value base.

The mass appraisal process is not perfect, but necessary due to appraising $7,000 \pm$ parcels. It is basically a redistribution of the tax burden. Some areas and types of property over the years have increased in value at a greater rate than others. My experience has shown that land values receive the largest increase due to supply and demand, while residential and commercial properties increase by varying amounts, some having moderate increases and others substantial. The reason for this is that prime areas or neighborhoods increase more rapidly than others. This answers the question "How come my assessment increased 125% while my friend's, who lives across town, only increased 75%?" In a great many cases the higher assessments will not result in a higher tax bill, keeping in mind that in a normal year the bill for everyone is higher due to annual budget increases.

It appears, at this time, that if everything falls into place, we will send out notices of value in mid-to late summer, and there will be a period of time to answer questions prior to the mailing of tax bills in November.

James Fennessy
Assessor

REPORT OF THE CHIEF OF POLICE FOR 1988

I would like to thank the voters who voted in favor of the new police station at the last Town Meeting. After a long struggle and a few cuts it has become a reality and construction has started. We are getting excited knowing that next year at this time we will be occupying it.

1988 shows another sharp increase of 10% in requests for police services. I believe the total for 1988 was 7,790 which is 2,236 more than it was in 1984 when I became your Chief. The automatic traffic recorder report, published by the New Hampshire Department of Transportation, shows an approximate 4% increase in traffic on the strip for the first five months of 1988.

I applied for and was awarded a grant from the New Hampshire Highway Safety Agency to implement an Alcohol Counter Measure Program which consists of deploying an officer and car for the purpose of apprehending Drunken Drivers for thirteen weekends. This program went into effect January 6th of this year and will continue until April 1st.

9-1-1 went on line October 17, 1988 and it is working quite well. Of course the 9-1-1 system is new to the area and some emergency calls are still coming in over the old lines, but the number of calls coming in on 9-1-1 is increasing daily as people get used to it. So remember in an emergency, Dial 9-1-1 for police, fire, rescue and emergency ambulance services.

We at the Conway Police Department thank you for your continued support; we're proud of our profession as law enforcement personnel. We have a standard Police Motto which is to protect and serve and we take pride in serving you.

Respectfully submitted,
WILLIAM R. SCALETTI
Chief of Police

REPORT OF THE CONWAY POLICE COMMISSION FOR 1988

This has been an eventful year for the Conway Police Department and it was the first year that we have worked with a budget that exceeded one million dollars. As the Town of Conway grows, it is essential that an effective Police Department be maintained to meet the challenges which present themselves with this growth.

Chief Scaletti continues to demonstrate his administrative abilities. Spending was kept well within budget. Complaints from within the organization have been minimal as a well-defined chain-of-command is present with everyone understanding their responsibilities. The Commission is pleased with the smooth operation of this department.

The new Police Station is taking shape as this is being written in early February. The Police administrative staff and the Commissioners have spent considerable time reviewing the plans and working out the details necessary to keep within the approved bonding limits. Although disappointed not to have a basement area in

GROUND BREAKING CEREMONIES NEW CONWAY POLICE STATION

l to r: Joe Hemes of Stephen Blatt Architects; Stan Davis of Davis & Hanscom, Inc.; Police Chief, William Scaletti; Selectmen, Harvey Blake and Robert Bumstead; Police Commissioners, Robert Porter, Paul Whetton and Ralph Mead.

this new plant, we are enthusiastic about the overall concept and design and look forward to moving in this fall.

A new contract was negotiated with the Union and agreement was reached in a relatively short time. The primary issue was pay and both sides of the table worked to the common goal of bringing pay scales in line with State averages for other Police Departments. We should be able to continue to attract quality candidates.

The Police Cadet Program will operate during the summer vacation period. This is a paying job and a fine opportunity for young people age 16 to 18 who are interested in learning about law enforcement. The program runs from June through August. An announcement will be made at Kennett High School when applications are available. Several of our present Police Officers started their career in this Program.

Respectfully submitted,

CONWAY POLICE COMMISSION
Commissioner Paul D. Whetton,
Chairman
Commissioner Robert F. Porter
Commissioner Ralph L. Mead

PUBLIC WORKS DEPARTMENT REPORT

The past year has seen many major issues arise. Many of these issues have been addressed or are under review at this time. However, before going into these issues, I feel it important to remind ourselves of the primary purpose of a public works department and that is to maintain the existing infrastructure and facilities of the Town of Conway. Too often the people performing this task are overlooked simply because it is not a glamorous job. We should all take our hats off to the men working at the highway department and the transfer station for a job well done.

I view 1989 as the year in which the Town has the opportunity to begin to make inroads in three critical areas. These are solid waste disposal, traffic congestion and bridge repair. All are vital to the continued well being of the Town.

The Selectmen have presented you with a dual proposal to begin to resolve the solid waste issue. The first of these proposals is a mandatory recycling ordinance. Passage of this article will both save us money and future landfill space, and allow us to begin to preserve this environment which all of the townspeople are so fond of. The second part of the proposal is to purchase a piece of property for the purpose of constructing a double lined, leachate controlled landfill. This state of the art facility will be designed to accept municipal solid waste at present, but will be capable of being converted to accept ash should it become viable to build an incinerator in this region in the future.

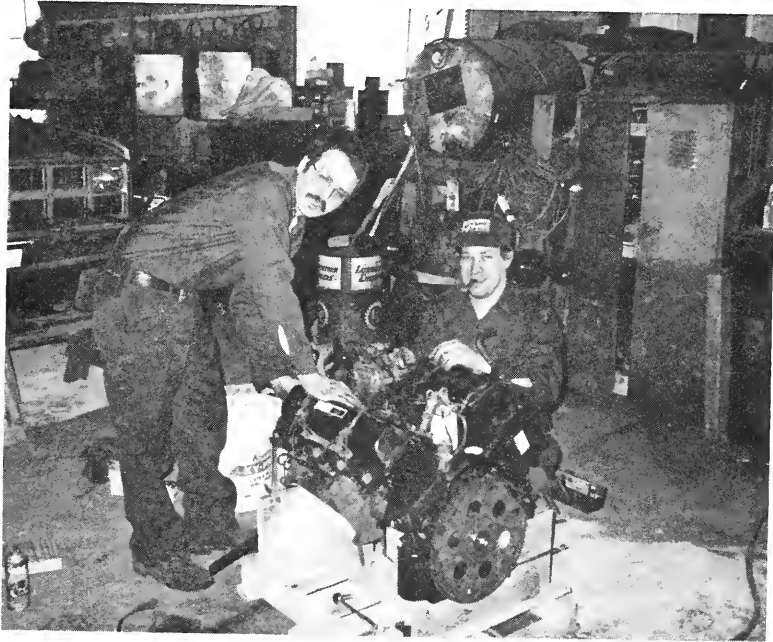

As we all know, the traffic in the region is becoming unbearable. The Planning Board has set up a Roads and Traffic Committee to begin to review and make recommendations on this issue. I believe it will require an upgrade of existing roads and intersections, additional local streets and street extensions and yes, eventually a bypass of Town. The Town must come to a decision as to where this essential bypass should be placed so that your elected officials can exert pressure to bring the State back to Conway to help us solve this problem.

Lastly, there are two separate articles regarding bridge replacement on the warrant this year. Conway, like almost every town in the country, has neglected its bridges for too long. The result is that our bridges are in dire need of repair and replacement. This program

must be started this year so that we do not risk a bridge failure in our Town.

My thanks to the many people who make it such a pleasure to work for the Town of Conway. The Town Hall staff, the elected officials, and the citizens of Conway make working here a fulfilling and rewarding experience.

Respectfully submitted,
D. Scott Johnstone, P.E.
Public Works Director/Town Engineer

Head Mechanic, Michael Courville and Mechanic, Donald Ferren

TOWNWIDE FIRE DEPARTMENT COMMITTEE REPORT

The Townwide Fire Department (TWFD) Committee has been working for three years to formulate recommendations and plans for the combining of five individual fire departments in the Town into one united fire department under the aegis of the Town of Conway. Last year the voters of the Town of Conway, the North Conway Water Precinct, the Conway Village Fire District, and the Center Conway Fire Precinct were asked to vote in a non-binding referendum as to whether or not they favored the concept of a TWFD. In all cases the votes were strongly in favor of it. This year the voters are asked to vote on articles which would establish a Town Wide Fire Department as of January 1, 1990.

The reasons for favoring a TWFD over the present fragmented system are first and foremost to provide better fire protection overall to a rapidly growing town. The precinct-based fire departments have done a good job over the years and the need to revamp now is not an adverse reflection on their commitment and faithful service. Rather, it is brought about by the radical changes and growth in the community. The tremendous growth of the last few years has been predominantly in large buildings (mostly of wood construction) in the form of retail stores, malls, hotels and multi-unit condominiums. These are located, in many cases, in outlying areas where a few years ago there were only deer, birds and squirrels. Fire suppression under these conditions is much more demanding and complex than in the days when most of the buildings were one and a half and two stories located mainly in two or three villages, and a twelve room building was considered large.

It is becoming increasingly more important that all the fire resources of the Town be closely integrated in order to function in the most efficient possible manner when the chips are down. Having five different chains of command is not the most efficient way to meet these situations. Other factions come into play also, such as manpower needs, standardized training and pre-planning for co-ordinated operations involving multiple fire departments.

Another important reason is to bring about a more equitable system of paying for fire service. As it is now, the precinct residents are carrying an unfair share of the load. They pay for their own protection through precinct taxes and, also through Town taxes, pay

over three fourths of the cost of fire service for non-precinct areas. These areas pay no precinct taxes. This imbalance is not the result of any deliberate intent; it worked fine in the days when almost all the properties were located in the two or three concentrated villages. As it is now, for example, the precincts cannot justify providing more large tankers and high capacity hose tenders than they need for operations within their precincts, which are largely covered by hydrant systems. In some of the outlying non-precinct areas recently built up and those now being developed, such apparatus is needed for optimum fire protection. Under a TWFD system the Town of Conway would assume ownership of all fire apparatus and stations. The cost of fire protection would be reflected in Town taxes instead of precinct taxes. The taxpayer living in what is now a non-precinct area would be paying more than he is now - he would also be getting better protection. The taxpayers in the two largest precincts, Conway Village and North Conway, would be paying less, partly because the Town would be paying them a yearly fee for the use of fire hydrants supplied and maintained by the two precincts. These hydrants are a vital part of the fire protection system and it is only right that the Town should pay a fee for their use.

Another factor is that these two larger precincts, between them, contain about two-thirds of the value of the Town and have, over the years, invested heavily in fire protection. The two smaller precincts of Center Conway and East Conway would be paying somewhat more, reflecting the fact that they have been furnishing themselves a smaller measure of fire protection and will not be receiving any payback for hydrant fees because they do not have water systems.

The Town of Conway would assume the Conway Village Fire District and the Redstone Fire Association for indebtedness totaling \$155,000. and would reimburse the North Conway Water Precinct a like amount for apparatus and equipment. These figures do not truly reflect the actual value of the equipment, which is considerably more; they do take into consideration the fact that the apparatus and equipment is going to stay where it is and will continue to serve the same people who bought it. The actual ownership will still remain largely with the same people as citizens of the Town of Conway.

The TWFD would be administered by a five person commission with one from each the North Conway, Conway Village and Center Conway Precincts, and two at-large from anywhere in Town. All would be elected by Town of Conway voters. Under the commission would be a TWFD fire chief who would have authority over all fire forces in the Town.

Under the TWFD chief the committee envisions a district chief in charge of each station with the same company system in each station as now. The TWFD chief and a secretary would be added full time positions. The primary pieces of apparatus would stay where they are until it is time to replace them with equal or better new pieces at which time the old pieces might be moved to a less critical assignment if still serviceable. The present fire stations would continue in use for the foreseeable future.

Making the transition from the present system to the Town, based on four independent municipal bodies and one fire association, requires many compromises all around. It is unavoidable that some of the steps involved may be perceived by some to favor or disfavor one entity over another. We can only ask that the voters look at the overall balance and weigh it against the benefits to be gained.

It is time to join forces and move ahead.

Raymond Lowd, Chairman
TWFD Committee

CONWAY BOARD OF ADJUSTMENT

The Board of Adjustment has heard a great variety of cases in the past year, some of which reflect some minor adjustments in the wording of the ordinance to more clearly state the intention of the Town and some that come as a direct challenge to the ordinance. But there has been little controversy that has arisen over any one area of zoning that has come before this Board during this year.

The Board took the following action on appeals:

SPECIAL EXCEPTIONS:

Granted	23
Denied	2
Withdrawn	3
Still Pending	1

VARIANCES:

Granted	0
Denied	4
Withdrawn	3

APPEAL FROM ADMINISTRATIVE DECISION

Upheld	3
Overtured	2

The Board has enjoyed a very good working relationship with Dale Frizzell, who as Administrative Assistant, is the person most responsible to the citizens of the Town in issuing zoning permits, and we welcome her to Conway. We encourage any citizens who feel zoning regulations place them in an unfair position to come forward and become a part of the planning process.

The Board wishes Jan Weinraub good luck as she moved from the Town and relinquished her alternate position on the Board. A grateful thanks to all members and alternates that have given generously of their time and thoughtfulness during this past year.

Jonathan Hebert, Alt.

TOWN PLANNER'S REPORT

When I began as Town Planner, many people seemed to expect a planner to solve all the Town's problems. Others felt no one could solve any of the Town's problems. With hope, my work has been somewhere in the middle.

I see my role as helping the Planning Board run more efficiently by providing information, guidance and recommendations in the review of development proposals. In doing so, they should then have more time to address more long range planning issues for the Town. I believe the best development comes as a result of an efficient development review process but with strict, clear standards that apply equally to all.

When I started work in August, I met with the Board to set priorities for the coming year. The list included developing a capital improvements program and budget, an impact fee ordinance, a site plan exemption policy, and clear cutting and gravel pit ordinances, mapping future road connections and intersection improvements, evaluating the present zoning districts and redistricting where appropriate, setting traffic impact study standards, refining the provisions for day care facilities, and establishing landscaping standards. To date, we have made progress on many of these issues. In light of the full work load of development reviews, the progress on these longer range planning issues is commendable.

One of the more interesting and, in my view, most important parts of this job is my work with the Road and Traffic Committee. With the demise of the E-2 Bypass proposal, the work of this committee is even more critical. This committee's mission is to develop future road connections for local traffic and to identify needed intersection improvements. Armed with this information, the Planning Board can develop better capital budget priorities, begin betterment assessments, require intersection improvements in conjunction with development approvals and work with the State more effectively in pushing for these approvals. A future street map will serve as the foundation of future roads to be built by the Town, the State and/or developers.

The traffic congestion has begun to choke access to and from residential neighborhoods and businesses, and could eventually make the area a less desirable place to live, work and vacation. This problem can no longer go unaddressed. The remedies are not

solutions, but they will be improvements. They will not be cost-free, but neither is the congestion, the safety hazards, and the time loss we all experience. The Committee has recommended a number of short range intersection improvements and has begun work on the longer range future road connections. The voters will be asked to support a capital fund for completing some of these improvements. Support of this is the first step toward local control of the circulation improvements in our Town.

I have enjoyed working with the citizens, developers, Planning Board and Town officials over the past eight months, and look forward to another enjoyable and productive year. In closing, I commend the members of the Planning Board and the Board of Selectmen for dealing with many tough issues. I urge them to continue to take a Town-wide look at issues facing Conway and to make decisions based on what is good for the many, not the few, and for the future, not just the present.

Jane B. Lafleur
TOWN PLANNER

CONWAY PLANNING BOARD

1988

The Conway Planning Board continued full steam ahead in 1988. The economy of the area stayed healthy with low unemployment and continued demand for housing.

This August the Town Planner, Jane Lafleur, came on board. Jane has come to the area with a background in planning in a similar resort area in Vermont. It did not take her long to get adapted to her new job. Her employment has freed up Town Engineer, Scott Johnstone, to spend more time on other pressing issues facing the Town of Conway.

The long back log of processing applications has somewhat eased with supply meeting demand.

Many events happened in 1988 with this year being the year of growth and change. Here are some of the highlights of 1988:

January: Affordable housing non-binding referendum on increased density proposal. Defeated at March Town Meeting.

February: Danny Quint proposes 100 lot subdivision off West Side Road.
Capital Improvements Committee formed.
Donation of land accepted for school. Later a new site was obtained on Mill Street.
By-Pass position discussed. No clear position.

April: Kevin MacMillan resigns over town position on Condo East case.

May: Davis Hill Master Plan concept reviewed. Over 200 lot subdivision.
Sandra Suprenard appointed new Board member to replace Kevin MacMillan.

July: Fiscal Impact Studies reviewed.
Planning Board reviews new municipal site off East Conway Road and Route 302.

August: Off-site improvement discussed for new developments off West Side Road.
E-2 By-Pass position taken. The Board voted not to support E-2 By-Pass proposal.

September: Road and Traffic Committee formed and started regular meetings to help improve internal traffic in the Conways.

October: Shoreline Protection Zone discussed

November: Arts Jubilee finds new home at Settlers' Green

December: Public hearing on E-2 By-Pass held and then withdrawn by State of New Hampshire.

STATISTICS

EXEMPTIONS

72 Filed

65 Granted

7 Denied

SUBDIVISIONS AND SITE PLAN REVIEWS

74 Approved

SUBDIVISION LOTS AND UNITS

169 Lots approved

169 Units approved

As you can see by the statistics, the Conway Planning Board has been very active. The Board meets every Thursday except for holidays. With the help of the Town Engineer and Town Planner, the processing has become easier for the Planning Board. A lot of the problems which generally come up are discussed ahead of time.

This year we saw some real concerns which arose from growth. The four main problems are:

1. Trash
2. Capital improvements which accompany growth
3. High property taxes
4. Traffic

The Planning Board formed two committees to help bring about a plan to attack some of these problems now, instead of later. The Traffic Committee has had real good support and dedicated members.

The Capital Improvements Plan Committee has not yet taken off. Poor attendance and possibly too much commitment already on the part of the members who were going to serve are the reasons. I think this committee could well serve the taxpayers and could put in proper order the improvements which are most needed. This

committee would also aid the Planning Board in offsetting the high cost of growth.

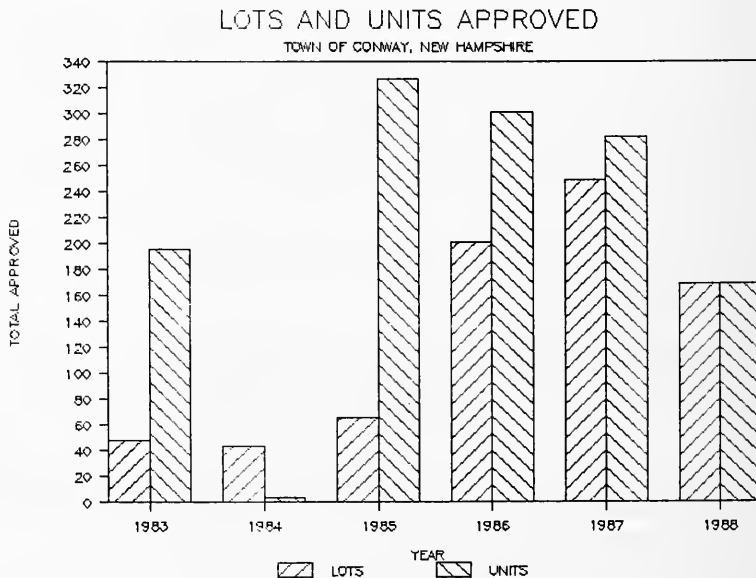

This year the Board saw a decrease in the number of lots and units approved. I think we will see the number increase in 1989 because there are approximately 600 lots and units being considered by the Board at the present time.

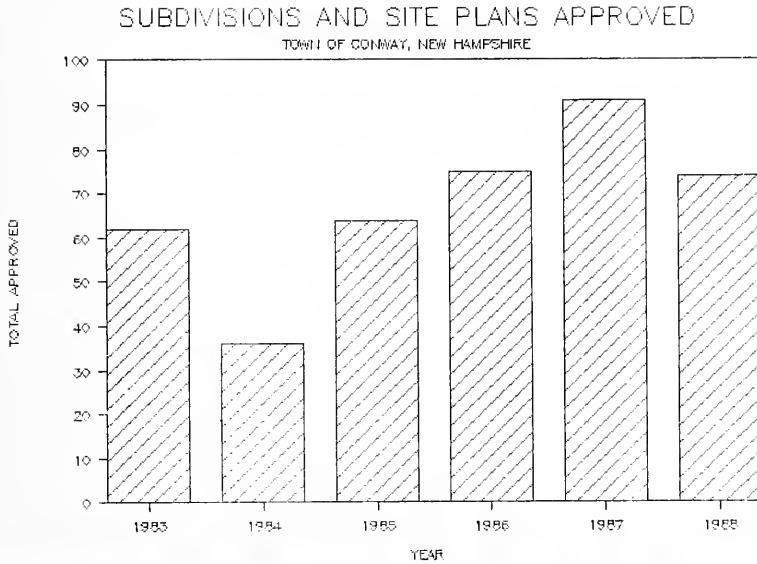

I would like to thank the dedicated members and alternates of the Planning Board. They have worked hard during meetings, researching applications, and proposing changes to the Subdivision Regulations, Site Plan Review Regulations and Zoning Ordinances.

TOWN BUILDING INSPECTOR'S REPORT

In 1988 the Town of Conway has seen the greatest increase in the amount of building that it has seen in the past 50 years.

Construction on a great number of very large buildings was begun in 1988. The largest of these buildings is the Sheraton Hotel at Settler's Green. This type of building has to be inspected on a regular basis due to the large amount of people utilizing it and the life safety factors which prevail by Town code.

As the local contractor's and construction teams working in Conway are now fully oriented with the Town adopted building codes and are willing to work under these codes, construction practices have become stable and the resulting buildings are much safer.

In the past years, we have been working with our new sprinkler ordinance, and we have hired a new Fire Inspector. With this addition in force, we should again improve the safety of commercial and multi-family structures in our Town.

A total of 473 permits were issued by this office in 1988, which included 296 single family units and 177 commercial permits.

My thanks go out to all who have made this a pleasant task in the past year.

Robert M. Babine
TOWN BUILDING INSPECTOR

TOWN FIRE INSPECTOR'S REPORT

Although I have only been on the job since July of 1988, I have seen considerable growth in the Town. The number and size of buildings have both enlarged.

It is my job to work with the Fire Chiefs in applying the Life Safety Code to new and existing buildings. Sometimes this can be a long process because of the number of inspections which must be made on the same building to insure that the codes are met during the construction phase.

This first six months has been difficult because of the number of fire inspections that had not been performed in the past years, and because of the lack of public knowledge on Life Safety Codes. I have been working with contractors, engineers, and architects to make sure that the codes are met before the buildings are constructed. I have also met with real estate agents to help them understand the Life Safety Codes. All in all, this has been a very productive year; and with the help I have received from the Fire Chiefs, I believe we have a great start on upgrading the life safety in the Town of Conway. With the support that I have received from the townspeople, I feel we can keep moving in the positive way we have been.

Respectfully submitted,

Larry B. Wade
Conway Fire Inspector

REPORT OF LIBRARY TRUSTEES

Activities at the Library continue to increase. Circulation increased 9.8% over 1987, reference questions answered .96%, and people coming into the library to read, do research, take out books and attend meetings, 3.6%. The meeting room is frequently used by community organizations.

The Trustees and the Library staff gratefully acknowledge the gifts of many books and historical documents from Alvah Carver's estate, a file cabinet anonymously donated, a clock for the Henney History Room donated in memory of E. Milton Hoyt, shelving installed behind the reference desk with money donated in memory of Ethel and Henry Towle, and children's books added to the Library collection with donations in memory of John Glackens.

The Library received a grant to be used to hire a consultant to study long range space needs as a result of the tremendous growth of material and activities in the Henney History Room. This study will involve programming for the whole library.

Another grant was received through the State Library to cover the cost of a preservation survey to be made by the Northeast Document Conservation Center. This survey addressed the preservation and storage of all material in the Library.

Margaret Marschner, Librarian, continues to be active in State Library affairs. She is President of the Executive Board of the Five Rivers Area Library network which is being implemented at Plymouth State College to serve libraries in northern New Hampshire. Participating libraries will be able to offer residents and Town officials resource information from their own libraries and other information centers in the State. She is also Intellectual Freedom Chairman for the New Hampshire Library Association, which organization is developing an intellectual freedom manual for the State.

The Library is actively involved in automating its circulation and catalog. Some equipment has been purchased, and we are in the process of inventorying bar coding and data entry.

Surveys were conducted at Town Meeting to determine what additional services would be beneficial. Surveys were also conducted to determine the strengths and weaknesses of the library in the opinion of staff members.

Many volunteers continue to help in the Library. The Conway Woman's Club continues to help with the annual book sale and provides Christmas trees and decorations at Christmas time. The Trustees and Librarian gratefully acknowledge this help.

The staff continues to provide friendly and professional services. A new children's librarian joined the staff during the year.

The Trustees and staff are pleased that the Library continues to grow in meeting the cultural and civic needs of the community. We express deep appreciation to the many people and organizations who support the Library.

Helen Bumstead, Chairman
Library Trustees

CONWAY CONSERVATION COMMISSION

1988 ANNUAL REPORT

While 1987 was labeled a “year of transition” in our last report, 1988 should probably be called a “year of accomplishment”, as many issues were harvested and projects bore fruit from these 1987 seeds.

Former member Karen MacDonald filled a vacancy created by Bill Dionne’s retirement, and Town Manager, Curt Lunt, and Public Work’s Director, Scott Johnstone, performed admirably as liaison with Town Hall after Assistant Town Manager, John Walsh, departed. We have entered 1989 with Scott Johnstone as our official Town Hall staff person, with David Maudsley as our professional recording secretary, and with the following projects behind us or still in the works:

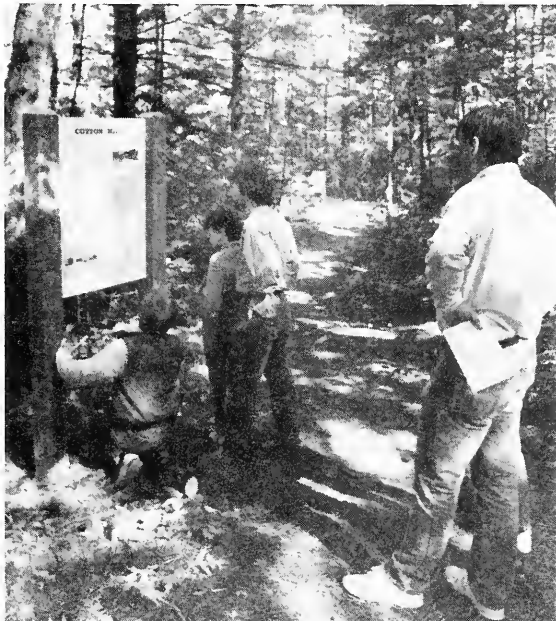

1. Walker’s Pond Conservation Area: Hired naturalist, Craig Altobel, completed his work on the Mill History exhibit and interpretive nature trail at the foot of Conway Lake. Attended by lots of sunshine and scores of townspeople, the September 24 dedication introduced all to this interesting site so important to our local heritage. If you have not yet taken the tour, please do so this year!
2. Task Force on Trust for N.H. Lands/Land Conservation Investment Program: Commission representatives, Tom Earle and Susan Nichols-Lucy, met regularly with the group to search for suitable conservation lands to enroll in the statewide natural areas protection initiative. Out of the many sites considered, unfortunately, none proved practical to acquire, primarily due to a lack of willing sellers. Any of you “landed gentry” who would like to preserve your holdings for future generations to enjoy are invited to step forward!
3. E-2 “brute” - Through intensive research and review, as well as with Highway Department officials, consultants, concerned citizens and interest groups, the Commission carefully considered the impacts primarily on Town conservation properties and wetlands of the proposed Conway By-Pass. In part with monies generously provided by the Pequawket Foundation, special consultants were even hired to help us define areas of concern, potential effects, mitigations and alternatives. After this year-long, thought-provoking, and time-consuming process, the rest is history, as they say, at least until it all comes up again.

4. OHRV'S on Town Lands: A March public hearing focused on the use of trails by off-highway recreational vehicles, especially in conjunction with the State's easement for a snowmobile corridor through the Pudding Pond Tract and Hurricane Mountain Common Lands. A better understanding between Commission members and OHRV enthusiasts over multiple-use and responsible issues resulted.
5. Recycling Initiatives: June featured both the Household Hazardous Waste Collection Day, which the Commission helped, and our kick-off recycling meeting featuring the N.H. Resource Recovery Association's, Gary Olson and Meredith Town Manager, Eric Meserve, at the Fox Ridge Resort. Subsequent meetings reviewed facilities, equipment, personnel and the waste stream. David Brooks has done a superb job heading up this initiative, which has resulted in a mandatory recycling program and budget being considered at this year's Town Meeting. Now all we need is your support and cooperation!
6. Whitaker Woods Forest Management Plan: A review of priorities with County Forester, Peter Pohl, resulted in the signing of a federal cost-share assisted contract with Forest Land Improvement of Tamworth to develop a formal inventory and management plan. Long-range goals are to maintain the forest in the quality state we enjoy today, but this can only be done with an effective plan. The logging which is currently taking place on the Whitaker Homestead property adjacent to Whitaker Woods and the John Fuller School is a private timber sale having nothing to do with either this plan or the Town.
7. New Pudding Pond Bridge: In May, a rugged pedestrian bridge was constructed where the trail from Locust Lane crosses the outlet of Pudding Pond. Joe Grill's new structure replaces an older version which was erected by a hearty volunteer effort from the infamous ESP (Environmental Service Project) about ten years ago.
8. Dredge & Fill Permits and Shorefront Zoning: Scores of applications for dredging or filling in the Town's wetlands and waterbodies were reviewed, and the Commission intervened on several potentially damaging proposals. The Commission also was represented on the subcommittee formulating the proposed Shorefront Zoning District, designed to help protect the quality of Conway's great ponds.

9. N.H. Rivers Campaign - Saco River Advisory Council: Former Commission member, David Nichols, is representing us in this important effort to formulate possible protection measures and promote inclusion of the Saco and Swift Rivers in the State's Wild and Scenic Rivers Program.

As always, we look forward to doing our part in making Conway a better place to live and visit during 1989, and we welcome your attendance at any of our regular meetings held at the Town Hall on the second Tuesday of each month. After ten interesting years, I have decided not to continue on the Commission. Courage to all of you carrying on . . .

Douglas Burnell, Chairman
David Brooks
Susan Nichols-Lucy
Thomas Earle
Herbert Lucy
Karen MacDonald
Carl DeWitt

Walker's Pond Nature Trail

REPORT OF TOWN PARKS AND RECREATION DEPARTMENT

This past year has been a busy one with the transfer of the Recreation Department from the Conway Village Fire District to the Town of Conway. Conway now has a Parks and Recreation Dept. that provides recreation programs, facilities and a full time professional to help administer the various parks and recreation areas within our Town. This year, as in the past, I will continue to provide the quality programs and facilities that you, the citizens of Conway, have come to expect.

CONWAY LAKE BEACH - One of the hottest summers on record put an overload use on this small area, with bathers, fishermen, boaters and the Red Cross Swim Lessons. This beach is not adequate for a town of our size and I continue to work with the Conway Recreation Advisory Committee (CRAC), Town Manager and Selectmen to locate and secure a much needed beach area for the Town. The CRAC Committee and Selectmen are again recommending a \$15,000 appropriation in the Capital Reserve Fund established for that purpose in 1986.

FIRST RIVER BRIDGE & SMITH EASTMAN LANDING - Usage continues to be high with swimming, canoe launch and picnic area use. Water testing of these two areas, along with Davis Park and Conway Lake Beach, has been implemented and will be tested three times during the summer months by the State of New Hampshire. This past summer tested with good water quality in all areas.

WATER SAFETY PROGRAM - Under the joint sponsorship of the Town and the Red Cross, a swim instructional program was conducted at Conway Lake Beach and Echo Lake State Park. Kathryn Burnell, as she has done for many years, again served as program coordinator and head instructor. Over 250 youngsters participated in swim lessons this past summer.

DAVIS PARK - Usage continues high for tennis, swimming, canoe launch, playground, horseshoe pit, basketball pick up games, volleyball and picnic use. During the summer months programs were offered in tennis instruction, a junior tennis tournament and other activities for the youth and adults.

NASBY KING MEMORIAL FIELD AT THE AMERICAN LEGION is a new Town baseball field on which the Town has a ten year lease. The

Recreation Dept. will provide maintenance along with scheduling of the field for our baseball program.

CONWAY RECREATION CENTER - The Town has a five-year lease with the Conway Village Fire District. This building is used for community meetings of various civic and non-profit type organizations, as well as the Town recreation programs. The Center serves as a base for summer recreation programs. Outside basketball courts are popular during the warmer months and the bandstand is used for summer concerts. Our playground has seen an increase in use and a Playground Committee has been formed to raise \$10,000 for a major upgrade of this area.

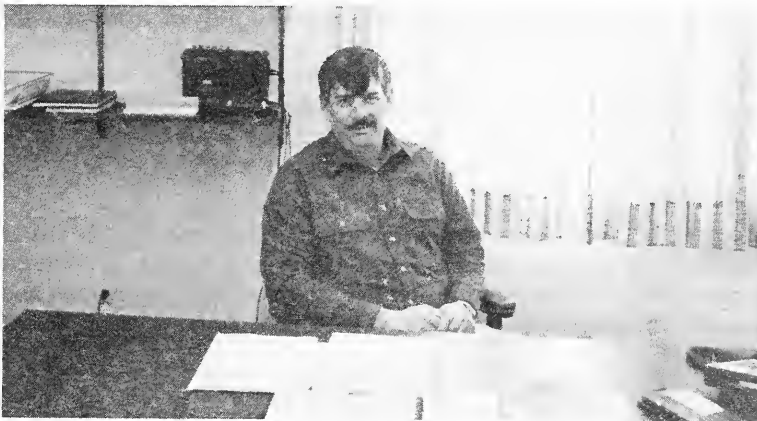

In the winter months the skating rink is used by the Junior High and High School for physical education classes; Conway Elementary uses it as an alternative to the Junior Ski Program, and use by the general public, along with the two youth hockey teams, makes this a busy rink. With the help of the Kennett Vocational Dept. the students in the building trades have built a new portable warm-up hut this past year to be used by our skaters.

CONWAY RECREATION DEPT. PROGRAMS - The department works closely with the Conway School District in using existing facilities along with the Town areas. The Conway Recreation Dept. provides over 70 programs for residents of all ages.

Respectfully submitted,

Kenneth M. Jones

Parks and Recreation Director

Ken Jones, Director of Parks & Recreation

NORTH CONWAY COMMUNITY CENTER 1988

The North Conway Community Center has just completed 40 years of service to the village of North Conway. From its humble beginnings in a local store to its own building and grounds on Main Street, the Center continues to meet the needs of those who seek recreational programs.

Many of our programs are the same today as they were 20 years ago. Only the participants have changed. Children that played at our facility have returned to become members of our Board of Directors. Others have made monetary contributions to the place they grew up in.

In 1988 the board completed the "Playground Project". This was a \$25,000 project done completely by contributions from the community. The new "Thank You" plaque was finished and is an attractive addition to the area and also brought attention to the fact that Harvey Dow Gibson made it all possible because of his contribution of the land.

Fund raising was very successful in 1988 with the Board raising \$37,000 from a variety of endeavors. This sum includes over \$13,000 from World Mud Bowl which also benefitted fourteen other agencies.

Last year the Center accepted the responsibility of working with the North Conway Outing Club in the general administration of the skating rink in North Conway. Arlond Shea and Dana Haley, who administered the rink for 30 years, should be commended for their service to ice skaters. The rink is supported by funds from the North Conway Water Precinct, and will continue to be known as the Outing Club Rink.

All in all, 1988 was a good and prosperous year. The Board of Directors was active in our policies and fund raising. Volunteers made many of our programs possible, and our new playground and established programs kept the staff busy year round.

Respectfully submitted,
KIM PERKINS,
Director,
North Conway Community Center

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.
